

RoHS Compliance Statement

Products designed and manufactured by CompuLab are classified as EEE under RoHS directive. CompuLab guarantees that products ordered from CompuLab after 01-Jan-2006 will be assembled in full compliance with Restriction of Hazardous Substance Directive from the European Parliament and Counsel.

CompuLab aligned its production process to comply to RoHS:

- A new assembly line designed for Lead Free process was brought on-line.
- Only RoHS compliant components are purchased for orders placed since 01-Jan-2006.
- Only Lead Free RoHS qualified solder is used starting from 01-Mar-2006.
